Plastic Chain 8 mm – yellow / red / black – premium quality for professional use

Our **8 mm plastic chain**, made from durable polyethylene, is a reliable solution for marking areas, securing zones and organizing movement. The intense **yellow, red and black** colors ensure excellent visibility, making the chain perfect for safety applications.

High durability and strong construction

- **link thickness:** 8 mm
- **external link size:** 43 × 28 mm
- **internal link size:** 32 × 13 mm
- **weight per meter:** 0.13 kg

Polyethylene provides outstanding resistance to weather, UV exposure and mechanical damage.

Product applications

Ideal for:

- separating zones,
- marking communication routes,
- securing work areas,

- pedestrian traffic control,
- safety barriers.

Additional suggested uses

1. Parking space separation.
2. Event and crowd control.
3. Warehouse and industrial marking.
4. Construction site boundaries.
5. Service area protection.
