Description

764/5000

A road cone, 75 cm high.

Made of flexible PE HD, base made of recycled rubber.

Color - orange, 2 white reflective stripes made of 2nd generation foil.

Weight - 4.05 kg.

A road cone, 75 cm high, made of damage-resistant polyethylene (PE), and its base of recycled rubber (REC). The orange warning cone has two white stripes made of second generation reflective foil. The reflective cone maintains high stability thanks to its weight of 4.05 kg. The orange reflective bollard is perfect for organizing parking spaces or determining the track. Our traffic cones are used in the construction, logistics, forwarding and even event industries.

Enhance Road Safety with Our Reflective Traffic Cone

Unmatched Quality and Versatility Introducing our premium Reflective Traffic Cone, expertly designed to enhance road safety and traffic management. Standing tall at 75 cm and weighing 5 kg, this durable traffic cone is made from high-quality plastic, ensuring it withstands the rigors of outdoor use. Its reflective surface enhances visibility, making it an essential tool for emergency services, construction sites, and event management. Our Reflective Traffic Cone is not just a product; it's a commitment to safety. Whether you are directing traffic, marking hazards, or creating designated areas, this cone is a reliable choice. Its bright color and reflective features make it visible even in low-light conditions, adhering to legal regulations for road safety devices.

Five Additional Applications:

1. Event Management: Perfect for outdoor festivals, marathons, and sporting events to delineate pathways and areas
2. Construction Zones: Use it to mark off hazardous areas and ensure worker safety on job sites
3. Parking Management: Ideal for guiding vehicles in parking lots and directing traffic flow
4. School Zones: Enhance safety around schools by marking drop-off and pick-up areas
5. Emergency Response: Essential for first responders to mark off areas during accidents or emergencies.

Our company has been a leading manufacturer and direct importer of road safety devices for many years. Renowned in the market, we offer a wide range of high-quality products that cater to both wholesale and retail customers across various European markets. Most of our products are shipped directly from our warehouse, ensuring fast delivery. Invest in our Reflective Traffic Cone today and experience the perfect blend of quality, effectiveness, and affordability. Your safety is our priority!
