Description

Plastic Chain White-Red 25 m - Highest Quality, Safety & Versatile Use

Professional Polyethylene Warning Chain - Reliable in Every Situation

Our **white-red plastic chain 25 m** is a high-quality product designed for both professional and general-purpose space marking. Made from durable **polyethylene**, it offers excellent resistance to weather conditions, UV radiation, and mechanical damage. This makes it ideal for outdoor and indoor use.

The chain features **8 mm links**, providing optimal strength while remaining flexible and lightweight. The total weight is approximately **3.75 kg**, confirming the solid structure while ensuring easy handling. The product is supplied **on a convenient reel**, allowing fast installation and simple unwinding.

Intended Use in Compliance with Safety Regulations

The white-red color scheme complies with general safety marking rules derived from workplace regulations and guidelines for pedestrian and vehicle traffic management. The chain is perfect for:

- **Marking hazardous zones,**
- **Securing construction and maintenance areas,**
- **Protecting communication routes,**
- **Indicating temporarily restricted areas,**
- **Controlling access in public and private spaces.**

In many cases, the chain serves as a warning and informational component, aligning with national guidelines regarding safety and traffic control systems.

Product Advantages - Why Choose Our Plastic Chain?

- **Exceptional durability** – resistant to rain, sun, frost, and harsh outdoor conditions.
- **Optimal link size (8 mm)** – ensures strength and stability.
- **25-meter length** – ideal for most professional applications.

- **Excellent value for money** – premium quality at a competitive price.
- **Fast shipping from our warehouse** – most orders are dispatched the same day.
- **White-red high-visibility color** – perfect for warning and marking purposes.

Additional Ways to Use the Plastic Chain

1. **Designating parking zones** for customers or company vehicles.
2. **Crowd control** during outdoor events and gatherings.
3. **Securing machinery and equipment** in industrial facilities.
4. **Marking recreational areas** such as playgrounds or sports fields.
5. **Decorative or thematic use** during events, concerts, fairs, or sports competitions.
