Description

Red Traffic Cone Topper with 3.6 m Red-White Belt - efficient short-range safety marking

This **red traffic cone topper with a 3.6-meter red-white retractable belt** is designed for quick, visible and reliable demarcation of small and medium areas. Its high contrast ensures excellent visibility in industrial, construction and public spaces.

Specifications

- Material: durable polyethylene
- Topper colour: red
- Belt colour: red-white
- Belt length: 3.6 m
- Belt width: 5 cm
- Automatic spring retraction
- Lightweight design (approx. 0.5 kg)
- Fits most standard cones
- Option to attach extra belts

Key benefits

The 3.6-meter length makes this version perfect for fast setup in smaller restricted areas. It is ideal for tasks requiring short-term, clear hazard marking. The retractable system ensures smooth, easy handling and long service life.

Applications

- technical service zones
- temporary maintenance areas
- warehouse and logistics corridors
- cleaning or inspection zones
- public access control

Additional use cases

- emergency markings
- temporary pedestrian routing
- equipment service stations
- safety training setups
- small industrial hazard zones

Why choose us?

We are a trusted manufacturer and direct importer of **road safety equipment**, supplying customers throughout Europe. We offer best-in-class durability, competitive pricing and fast shipping directly from our warehouse. All products include manufacturer warranty and meet strict safety standards.
