The Transpo mirror allows a viewing angle of 180 ° and improves visibility in two directions. The massive structure guarantees its long service life

TRANSPO 180° Wide-Angle Industrial Mirror: Elevate Safety and Visibility.

When it comes to enhancing safety and visibility in industrial environments, the TRANSPO 180° Wide-Angle Industrial Mirror stands out as the ultimate solution. Designed specifically for high-traffic areas, this mirror is crucial for preventing accidents and ensuring smooth operations. With its sleek black frame and an impressive 600mm diameter, it offers a broad field of view that allows for optimal surveillance in any workspace.

Why Choose TRANSPO 180°? The TRANSPO 180° Wide-Angle Industrial Mirror is expertly crafted from high-quality acrylic, ensuring durability and clarity. This mirror is not just a simple reflective surface; it is a strategic safety tool that complies with industry regulations aimed at reducing workplace hazards. Whether you are managing a warehouse, factory, or retail space, this mirror is designed to meet the rigorous demands of various sectors.

Key Features:

- Optimal Visibility: The 180° wide-angle design provides an expansive view, reducing blind spots in corners and intersections.
- Durable Construction: Made from high-quality acrylic, this mirror is shatter-resistant and built to withstand harsh environments.
- Lightweight Design: Weighing only 2 kg, it is easy to install and reposition as needed without compromising on stability.
- Aesthetic Appeal: The sleek black frame complements any industrial setting, ensuring that safety does not come at the cost of style.

Additional Uses for TRANSPO 180°

1. Traffic Control: Ideal for monitoring vehicle movements in loading docks and parking areas.
2. Retail Surveillance: Enhance customer safety and theft prevention in retail environments.
3. Warehouse Management: Improve visibility in high-traffic areas to streamline operations and reduce accidents.
4. Construction Sites: Ensure worker safety by monitoring blind spots and hazardous areas.
5. School Zones: Increase awareness and safety in school drop-off and pick-up zones.

At our company, we have been a trusted provider of road safety devices for many years, specializing in manufacturing and importing high-quality products. Our reputation for excellence in the market is backed by our extensive inventory, which we supply to both wholesale and retail clients across multiple European markets.
