Attribute	Value
Dimension	2100mm x 1060 mm
Color	Red/white
Material	PE
Weight	11,5 kg
Refliectiv	Yes
Shipping time	2-3 days

Description

Zapory drogowe THOR są wyjątkowo stabilnymi barierami. Przeznaczone są do montażu wraz z podstawami 28 kg, dzięki czemu są odporne na przewrócenie i nadają się idealnie do ustawiania trwałych zabezpieczeń. Bariery plastikowe posiadają odblaskowe pasy biało czerwone, dzięki czemu są dobrze widoczne nawet z dużych odległości oraz podczas niesprzyjających warunków pogodowych. Plastikowe zapory nadają się do stosowania podczas prowadzonych prac na drodze oraz podczas trwania imprez i eventów. Zapory ochronne są wykonane z recyklatów, co sprawia że proces produkcji bariery jest przyjazny środowisku. Bariera jest łatwa w transporcie oraz pozwala na szybkie i intuicyjne mocowanie za pomocą THOR Hook.

Cechy:

- wytrzymała, odporna i trwała
- łatwe i wytrzymałe łączenie za pomocą wysokiej jakości Thor Hook.
- łatwa do transportu
- nogi ze stalowej rury zwiększają wytrzymałość i stabilność
- najlepiej spełnia swoją funkcję w połączeniu z 28 kg podstawą
- górny i dolny pas odblaskowy dla lepszej widoczności
- całkowicie recyklingowa

Wymiary:

- długość - 206 cm
- wysokość - 107 cm
- grubość - 5 cm
- waga - 11,5 kg

THOR Road Barrier - Robust and Highly Visible Traffic Safety Solution

Professional THOR Road Barrier for Effective Traffic and Area Protection

The **THOR road barrier** is a modern, durable, and highly stable solution for **road and public area safety**. It is designed to reliably secure streets, sidewalks, squares, and areas temporarily or permanently closed to traffic. Its robust construction makes it ideal for professional use in road works, traffic management, events, and construction sites.

The **THOR barrier** is designed to be installed with **28 kg base supports**, providing excellent stability

and preventing the barrier from tipping over, even in strong winds or under heavy loads. This makes it perfect for creating permanent and safe traffic separations.

Key Technical Specifications of the THOR Road Barrier

The THOR road barrier combines high-quality materials, functionality, and excellent **price-to-performance ratio**:

- **Length:** 206 cm
- **Height:** 107 cm
- **Thickness:** 5 cm
- **Weight:** 11.5 kg
- **Material:** Plastic made from recycled materials
- **Reflective marking:** 1st generation reflective foil
- **Installation:** Requires 28 kg base supports

Made from **recycled materials**, the THOR barrier is an **eco-friendly solution** without compromising strength or durability. The **1st generation reflective foil** ensures high visibility during the day and at night, significantly improving safety for both drivers and pedestrians.

Intended Use and Compliance with Regulations

In accordance with **traffic safety regulations and road signage standards**, road barriers are used to clearly mark hazards and restricted zones. The **THOR road barrier** is especially suitable for:

- Securing road works and construction sites
- Marking hazardous areas and excavation sites
- Temporarily closing roads, sidewalks, or public spaces
- Directing pedestrian and vehicle traffic
- Protecting public areas during events and gatherings

With its durable design, size, and reflective marking, the THOR barrier meets modern traffic safety requirements.

Additional Applications of the THOR Road Barrier

Beyond standard road usage, the THOR barrier can also be applied in various other scenarios:

1. Securing parking lots and maneuvering areas
2. Crowd management during concerts, festivals, and large events
3. Protection of pedestrian zones and residential areas
4. Demarcation of temporary logistics or industrial zones
5. Marking temporary work, repair, or maintenance zones

Its versatility makes the THOR barrier a trusted solution for construction companies, event organizers, and traffic authorities.

Why Choose the THOR Road Barrier from Our Company?

For many years, our company has specialized in **road traffic safety equipment**. We are both a **manufacturer and direct importer**, which allows us to offer **high-quality products at competitive prices**.

- We are a **well-known and respected company** in the industry
- We supply products to **multiple European markets**
- We serve both **wholesale and retail customers**
- We offer a **wide range of traffic and safety products**
- Most items are shipped **directly from our own warehouse**
- We provide **fast delivery and professional support**

By choosing the **THOR road barrier**, you invest in a durable, highly visible, and eco-friendly solution that significantly improves safety in traffic and public spaces. It is a product that meets legal standards, customer expectations, and the requirements of modern infrastructure.
