Shipping time	2-3 days

Description

Flexible Bollard 750 mm - Yellow with White Reflective Tape

High-Quality Flexible Traffic Safety Bollard

The **750 mm flexible bollard in yellow with white reflective tape** is a professional traffic safety device designed for effective separation of traffic lanes, pedestrian zones, and vehicle routes. Manufactured from **durable PVC**, this flexible post guarantees excellent visibility, durability, and resistance to mechanical damage.

Designed for Traffic Management and Road Safety

This **flexible traffic bollard** is widely used in accordance with **road safety regulations and traffic organization guidelines**. It is especially recommended for:

- underground and above-ground parking lots,
- logistics centers and industrial areas,
- truck parking zones,
- access roads, driveways, and ramps,
- pedestrian walkways and restricted areas.

The **yellow color combined with white reflective foil** ensures maximum visibility both during the day and at night, improving safety for drivers and pedestrians.

Durability and Easy Installation

The bollard is **resistant to vehicle impact and run-over**. After deformation, it **returns to its original shape**, ensuring long-term usability and low maintenance costs. Installation is fast and easy using **expansion bolts**, allowing immediate use.

Technical Specifications

- Height: **750 mm**
- Color: **Yellow**
- Reflective marking: **White reflective tape**
- Material: **PVC**

- Weight: **1.5 kg**

Additional Applications

1. Temporary traffic redirection zones
2. Construction site safety marking
3. Fuel station traffic guidance
4. Warehouse and loading bay separation
5. Event and crowd control areas

Why Choose Our Flexible Bollards?

We are a **well-known and trusted manufacturer and direct importer of road safety equipment**. For many years, we have specialized in **traffic safety devices** and offer one of the **largest assortments of road products in Europe**.

Most products are **shipped directly from our warehouse**, ensuring **fast delivery and competitive prices**. We serve both **wholesale and retail customers across multiple European markets**.

Our flexible bollards offer an **excellent price-to-quality ratio**, making them a smart and cost-effective investment.

Słupek elastyczny służący do rozdzielania pasów ruchu, odgradzania ciągów pieszych i jezdnych, oznaczenia na parkingach i podjazdach, niezbędna na parkingach podziemnych gdzie jest mało miejsca do manewrowania pojazdem.

Kolor żółty, dodatkowo oznakowany białą folią odblaskową.

Cechy:

- słupek odporny na najeżanie i uderzenie
- po zgnieceniu wraca do pierwotnej postaci
- prosty montaż - kołki rozporowe

Słupek bardzo przydatny na parkingach dla samochodów ciężarowych.
