Technical Specification

Attribute	Value
Dimension	750 mm
Color	Orange
Material	PCV
Weight	1,3 kg
Refliectiv	Yes
Shipping time	2-3 days

Description

Słupek elastyczny służący do rozdzielania pasów ruchu, odgradzania ciągów pieszych i jezdnych, oznaczenia na parkingach i podjazdach, niezbędna na parkingach podziemnych gdzie jest mało miejsca do manewrowania pojazdem.

Kolor pomarańczowy, dodatkowo oznakowany białą folią odbłaskową.

Cechy:

- słupek odporny na najechanie i uderzenie
- po zgnieceniu wraca do pierwotnej postaci
- prosty montaż - kołki rozporowe

Słupek bardzo przydatny na parkingach dla samochodów ciężarowych.

Traffic Delineator Post 750 mm – Orange with White Reflective Tape

Our **flexible traffic delineator post 750 mm** in bright **orange with white reflective tape** is a professional, durable and highly visible road safety device designed for separating traffic lanes, organizing pedestrian paths, marking parking areas, entrances and restricted zones. Its vivid colour and reflective band ensure excellent visibility during the day and night, making it an essential element on **underground parking lots, industrial areas, construction zones, loading docks and roadside operations** where maneuvering space is limited.

High-quality flexible material provides exceptional impact resistance. The post is engineered to withstand vehicle hits, and thanks to its elastic structure, it **returns to its original shape after crushing**, maintaining long service life and reducing replacement costs. It is mounted using simple expansion anchors, enabling quick installation in various environments.

Application and Legal Background

The 750 mm flexible delineator complies with common European traffic-safety guidelines regarding lane separation, pedestrian protection and temporary area designation. It is suitable wherever clear visual guidance or traffic calming is required. Its reflective marking supports visibility standards recommended for parking facilities, logistics centers and controlled-access roads.

Five Additional Use Ideas

- Securing temporary maintenance areas
- Marking bicycle routes or scooter lanes
- Organizing queues and pedestrian guidance zones
- Creating temporary barriers for events
- Demarcating loading and unloading areas

Why Choose Our Company?

For many years we have specialized in **road safety equipment** as a manufacturer and direct importer. Our company is well-known and respected across European markets. We supply wholesale and retail customers and maintain a very large assortment of road-safety products. Most items are

shipped directly from our warehouse, guaranteeing **fast delivery**. The excellent **price-to-quality ratio** of our products makes them a preferred choice among professional users.
