Weight	0,5 kg
Shipping time	1-2 days

Description

Traffic Cone Topper with Retractable Belt - fast and reliable area control

The yellow **traffic cone topper with an automatic retractable black-yellow belt** is a highly efficient and durable solution designed for rapid zone marking and crowd control. Manufactured from flexible, impact-resistant polyethylene, this topper is built for demanding environments where safety and clear visual separation are crucial. It fits most standard traffic cones, making it a universal tool for industry, logistics, events and public works.

Technical specifications

- Material: high-resilience polyethylene
- Topper colour: yellow
- Belt colour: black and yellow
- Belt length: 3 m (also available: 5 m, 9 m, 12 m)
- Belt width: 5 cm
- Weight: approx. 0.5 kg
- Spring-based automatic retraction system
- Option to connect up to three additional belts
- Compatible with most traffic cones

Key benefits

The built-in spring mechanism ensures **smooth belt tension and automatic retraction**, allowing users to secure areas in seconds. The bright colour contrast provides exceptional visibility, even in low-light conditions. The topper is resistant to weather, abrasion and mechanical impact, making it suitable for intensive daily use indoors and outdoors.

This product meets safety guidelines for temporary traffic control and workplace hazard marking. It is ideal for isolating dangerous zones, marking off technical areas or controlling public access.

Recommended applications

- Construction sites and road maintenance
- Warehouses and logistics centres
- Factories and industrial plants
- Events, exhibitions and concerts
- Shopping centres and service zones

Five additional creative uses

- Emergency access control
- Guiding pedestrian flow
- Temporary work zone demarcation
- Training and workshop space organisation
- Machine service area marking

Why buy from us?

We have been specialising in **road safety equipment** for many years. As both manufacturer and direct importer, we offer top-quality products at highly competitive prices. Our items are shipped quickly, usually directly from our warehouse, and we supply customers in numerous European markets. The topper comes with a full warranty and is made of premium materials that guarantee reliability, longevity and excellent performance.
