Shipping time	1-2 days

Description

Yellow Traffic Cone Topper with 5 m Yellow-Black Retractable Belt - high-visibility safety marking system

This **yellow cone topper with a 5-meter yellow-black retractable belt** provides immediate and highly visible hazard marking for industrial, construction and logistical environments. The intense contrast of the belt paired with the bright topper ensures maximum recognition, even in poorly lit areas.

Technical specifications

- Material: flexible, impact-resistant polyethylene
- Topper colour: yellow
- Belt colour: yellow-black
- Belt length: 5 m
- Belt width: 5 cm
- Automatic spring retract system
- Weight: approx. 0.5 kg
- Up to three additional belts connectable
- Compatible with most standard cones

Key advantages

The yellow-black hazard pattern is widely used across industries for quick and unmistakable danger identification. With its 5-meter reach, the topper enables efficient marking of medium and large areas without extra equipment. The smooth automatic retraction ensures fast operation.

Applications

- industrial safety management
- warehouse zoning
- construction and maintenance work
- public event coordination
- access control areas

Additional use cases

- temporary maintenance zones
- pedestrian path redirection
- technical service points
- safety training setups
- machine hazard area marking

Why buy from us?

We are an established manufacturer and direct importer of **road and industrial safety equipment**. We offer premium quality, fast dispatch from our warehouse, competitive prices and proven reliability across European markets. All products include a warranty and meet strict safety standards.
