Description

Bestseller! 34 cm Traffic Cone - The Cheapest and Most Popular Temporary Marking Solution

We present our **economic traffic cone** – a genuine **bestseller** and the **cheapest cone** in our wide range! Despite its small height (**34 cm**) and ultra-low weight (**0.35 kg**), the cone is made of **durable PVC**, guaranteeing its **basic resilience** in use. **One white band painted with special paint** provides sufficient **warning marking** during daylight hours.

Purpose and Economics of Choice: This model is widely used where **unit price** and **large volume** of cones are key factors. It is perfect for delineating **driving courses** in driving schools, **marking maneuvering areas**, **short-term zone separation**, or **securing private properties**. It is an **excellent alternative** to more expensive reflective cones, while retaining the **essential warning function**.

Additional Applications (Beyond the Standard):

1. **Amateur Sports Events:** Marking running, cycling, or low-budget rally routes.
2. **Children and Youth Training:** Delineating safe zones and teaching traffic rules.
3. **Hotels and Restaurants:** Restricting access to service entrances or temporary parking.
4. **Budget Promotional Activities:** Marking stands and information points.

As a **manufacturer** and **direct importer** of **road safety equipment**, our company proudly offers **the largest assortment of traffic cones in Europe**. Thanks to **wholesale quantities** and **cost optimization**, this **cheap cone** has become a hit. Trust the **market leader** and choose a product that combines **economy** with **utility**. The **popularity** of this model among **wholesale** and **retail** customers is the best proof of its **value**!
