Weight	600 kg
Shipping time	7-14 days

Description

BetonBlok 80×40×80 cm - modular concrete block with 40 cm height for durable low-profile structures

The BetonBlok 80×40×80 cm is part of a specialised product line featuring a consistent **height of 40 cm**. With its balanced proportions and robust C30/C37 concrete construction, it provides a versatile solution for low-height, precision-built modular structures. Its interlocking system offers excellent stability and allows for quick, mortar-free assembly.

Technical Specifications

- Model: BetonBlok 80×40×80 cm
- Dimensions: 80 cm length, 40 cm depth, **40 cm height**
- Material: C30/C37 structural concrete
- Resistance: frost, UV, moisture and temperature variations
- Fire resistance: **BetonBlok elements with widths of 60 and 80 cm comply with EN 13501-2.**

Main Advantages

This model strikes a balance between size and handling convenience. It is larger and more capacious than the 40×40×80 cm version, yet still easy to position and transport. Its 40 cm height makes it ideal for low structural layouts such as small walls, storage bays, technical partitions and landscape features. Installation is fast, flexible and does not require foundations.

Typical Applications

- low-height technical or industrial walls
- medium-capacity storage bays
- construction site organisation
- agricultural or logistical division elements
- landscape and garden structures

Additional Application Ideas

- ballast for temporary structures
- bases for portable fencing systems
- support blocks for machinery
- perimeter and safety zone marking
- decorative or functional low retaining walls

Why BetonBlok?

We supply BetonBlok systems across Europe and are recognised for reliability, consistent quality and some of the fastest order fulfilment times in the market. All BetonBlok products meet stringent European quality standards and come with full warranty.

The BetonBlok 80×40×80 cm offers excellent value, durable performance and exceptional versatility for low-profile modular construction.
